

CULTURE & CHANGE MANAGEMENT SYSTEMS

Company culture greatly influences daily productivity and continuous improvement. In order to succeed in the global economy, your employees need to be customer-focused and operate as a highly effective team while management needs to provide a compelling vision and work environment, focusing efforts to create a stronger company.

CONNSTEP provides solutions that enable organizations to maximize employee performance to meet constantly changing business needs. Our goal is to assist you in identifying opportunities and hurdles and in the creation of manageable solutions that lead to improvements in your overall operational effectiveness. We utilize a holistic approach to implementation that leads to positive, lasting change.

Your employees will:

- Increase their individual contribution;
- Learn new skills and behaviors;
- Engage in the continuous improvement process; and
- Be more motivated.

Your organization will:

- Manage change more effectively;
- Improve productivity and efficiency;
- Build a unified team of employees with a single goal; and
- Sustain gains achieved through the continuous improvement process.

Through our integrated suite of solutions, CONNSTEP will work with you to provide the combination of services necessary to achieve your desired results. Customized training and coaching services include:

- Building high performance teams
- Developing leadership at all levels
- Consulting on operational performance
- Managing change and conflict resolution
- Strategic and tactical planning - cultural development, infrastructure building, communication & deployment plans

“CONNSTEP learned about our organization, listened to our feedback and customized the program for us until we had exactly the solution we needed.

Thanks to CONNSTEP’s combination of expert manufacturing advice and adept culture systems program, our team is even stronger!”
