

GEORGE SNYDER

George Snyder has been with CONNSTEP for twelve years as Sales Consultant responsible for sales and business development in the Greater Hartford and North East Region of Connecticut.

George is a technical sales and marketing professional with experience in international sales, contract negotiations and teaming/partnering arrangements.

George has extensive experience with the manufacturing of components, sub systems and systems level programs supporting prototype development through full scale production contracts with Fortune 250 companies, the U.S. Department of Defense and the U.S. Department of Energy.

George's background is in computer science and electrical engineering. All of his various program design, development and production experience was with classified weapons systems. He is a member of ADPA and sat on the ANSI committee along with being an IEEE member. George is an alumnus of the University of Phoenix.
